THE luscious fruits and dainty confections to be found at the Store of Campbell & Miller, would tempt the palate of a barbarian. In and out of season, when the tropics are called upon by this enterprising firm to furnish their rich stores to our citizens.

O. P. McROBERTS, Esq., a former citizen of Stanford many years ago, and a brother of Rev. S. S. McRoberts, of this place, is now on a brief visit to his relatives in Lincoln county. Mr. McR. is now, and has been for many years, living in Nashville, Tennessee.

Homecoming.

We spent the 4th at Somerset. While there and on the way forth and back, we dined a few items which may be of secondary worth, at least to a number of your readers. We were conveyed in a buggy, and we try it that way again. The recent rains have washed the roads till they are almost impossible for any kind of a vehicle, and it is actual extravagance to travel over them otherwise than on horseback. A trip of twenty-five miles over such a road, with a buggy more than eight months moderate use on the pike. Such estimates are fearful to those who are necessitated to make frequent rides over those legal thoroughfares, and we shall gladly rejoice with those who rejoice when the Cincinnati Southern is completed, that we may enter into a more economical manner of journeying through life, bidding a dignified farewell to the rocks, ruts, mud, and "hills of sorrow" which we have so often climbed with a burning cumbered brow. After you leave Middleburg, there are but few seems to break the monotony of long cabins, corn patches, horse mills, etc., with the exception of an occasional outburst of a half dozen ferocious looking cur, which seemed to be trained to the point of taking care of the house, garden, farm and neighborhood. It is remarkable to see what a price of some poor, poverty-stricken creature put upon their dogs. While traveling upon this same road last fall, after the atmosphere had become full of frost and ice, our attention was directed to a small twelve by sixteen cabin, open, poorly covered, and almost deserted, which stood a few paces from the side of the road. On noticing our approach, three or four little thin face children ran to the door, having on to protect them from the winter's blast only the simple garment of a dirty, half worn cotton shirt. Around the door and in the chimney corner lay three fat, healthy looking dogs, taking their ease and seeming to understand that their mouths should not be hungry if the children were not. It is a shame that the proprietor of such a rural household is a free man, and the observer who does not become both sad and indignant in contemplation of such unbecoming neglect, is lost to every generous and philanthropic impulse. For once, our own and near Dunkum, is the most beautiful landscape scene that we ever witnessed. The view is Southward, over a continuous valley as far as the eye can reach. Both East and West of South, is a broad and somewhat undulating plateau, reaching in the distance, and dotted with farms and settlements, each of which looks like a verdant oasis in the midst of a barren wilderness. The mountains, which seem to surround the valley, are of a blue color, elegantly decorated by the emergence of high and oval shaped peaks. The whole is a scene which fairly would lead to look upon, and the passer-by has any taste for the sublime, cannot help being delighted.

Crab Orchard.

While the storm of Thursday the 6th inst., was raging so furiously in this vicinity, the residence of Judge W. O. Hansford, situated about one-half mile from, and immediately south of the depot, was struck by lightning, causing considerable damage. It was a chain of "zig zag," and proved to your correspondent that lightning rod, as well as insurance men, are a humbug. It struck the chimney in the center of the house, knocking off about two feet of the brick. The shaft dividing at this juncture, struck the roof on either side. On the rear part of the house the shaft entered the roof about a foot of the comb, ran down a rafter, tearing it into shreds, thence it passed down one of the studdings to the upper floor, branching again, one shaft struck the facing of the back door in the hall, the other passed down into the dining-room, striking the shaft, completely demolishing the same. The shaft which struck in the front of the building also divided, one branch striking the cornice in the room over the parlor and ran down the studding into the parlor, discharging a gun sitting in the corner. This part of the house was greatly damaged. The other shaft struck the cornice above the family room, tearing into fragments several of the studding, from thence passing through the family room tearing out the entire front of the same. Mrs. Lizzy Bruce Stephenson was alone in the family room at the time. She was knocked senseless from the shock, and perfectly covered with the debris. Her baby and two of the Judge's sons were in the dining-room lying on a lounge within two feet of the safe that was riven in fragments; a Mr. Warren was also in the dining-room. The rest of the family were in the kitchen. Eight persons in all were in the house. Five rooms and the hall were more or less damaged. Loss about \$250, with no insurance.

Some People Residing not more than ten miles from here, is rendering himself quite odious, by abuse to stock. The gentleman is known, and a further continuance of his cruelty, will result in a gentled (not gentle) thrashing.

Col. T. P. Hill addressed quite a small crowd, in the office of Judge Birch, on last Tuesday. Theme—taxation, embezzlement, and general dishonesty in the present rulers of our government. If the Colonel should prove the nominees, old C. O. precinct will show her hand.

SOME few are putting in an appearance at the Springs. Among the arrivals of yesterday we notice the names of Willie T. Davis and wife. Mr. Davis is connected with the old and reliable shoe house of Platt & Allen, 240 Main street, Louisville.

CHOUQUET seems to hold its place among the games of amusement—the game rarely comes before ten at night. The production, also, from Ross Dillon to Wm. Tatum, would even play later, if their "lamps were kept trimmed and burning."

See Lick.

THE Grange, and Good Templars, and Sunday School folks had a grand picnic and procession on the 4th of July. There was a large crowd of people present. The singing was excellent. They met in a grove near Friendship Church, Rockcastle county. Many speeches were made. The introduction was by J. L. Brown; the Declaration of Independence of the United States read by Dr. Denney; Gratification by Judge Carter, and Granger speech oration by James May. A speech on Progress by H. M. Thompson; a speech by Eld. Martin Owens, on temperance; a speech by Eld. Jesse Tyre, on temperance; a speech by R. H. Swann, Jr., on Sunday Schools and their work. There were some hard things said by Owens and Tyre, against the stiller. More anon.

In response to a communication received from "a friend," post marked Hamiltonville, Ky., I would say it was very kind indeed, but I would say to "my friend," that he should not have put himself in such trouble, as I have lost no sleep in consequence of his "information." I have said nothing to me again, or anything that a law-abiding citizen should be afraid to say. All good citizens should condemn any individual, come from whatever quarter it may. The people should be in their majesty and fervor all crime committed in this community. Any such is injurious to the State and to the people. I am, Sir, very respectfully, A. T. The South Kentucky Association of Baptists, will convene with the Mt. Salem Church, on Tuesday before the 2nd Saturday in August.

Rev. G. O. Barnes, according to appointment, preached for us last Sunday. He is certainly a great man. The audience seemed perfectly under the influence of the gospel, while in his devotional manner he told of the rich and steadfast love of Jesus.
